SCHEDULE SUBJECT TO CHANGE

With activities for families, kids, teens, adults and groups, Jean-Michel Cousteau's Ambassadors of the Environment introduces guests to the natural wonders and rich cultural traditions of the Cayman Islands. Through fun and interactive eco-tours such as snorkeling among coral reefs, kayaking through our mangrove forest, or visiting the endangered Cayman Blue Iguana Recovery Programme, the island's ecological resources become a natural classroom and living laboratory in which our guests learn while having fun at the same time. Through exploration and active study, guests will have meaningful experiences that help impart an appreciation and respect for nature, as well as an understanding of how to live more environmentally responsible everyday lives.

POLICIES AND ON-REQUEST ACTIVITIES

CAYMANAMBASSADORS@RITZCARLTON.COM

+1-345-815-6120

SHOP OPEN 8:30AM - 4:30PM DAILY

POLICIES

- Children must be at least 4 years old and bathroom independent at time of activity. Proof of age may be required upon first activity.
- For selected activities, the independent participation (without adult present) of children below either 8 or 10 years of age is dependent upon Ambassadors approval and will be based on environmental conditions, ability, and activity group considerations.
- Changes and cancellations must be made 24 hrs in advance to avoid a 50% cancellation fee. Cancellation without notice will incur full charge.

ON-REQUEST KIDS ACTIVITIES (3 HOURS, \$130USD UNLESS STATED)

TURTLE TALES

Sea Turtles are some of Grand Cayman's most beloved and precious resources. They have been swimming in the oceans for millions of years. Explore the lives of these amazing creatures through a variety of crafts and games.

STINGRAY DETECTIVE

Grand Cayman's most famous residents are our stingrays, and this is a great chance to learn all about them before your Stingray City trip. Test your detective skills and solve ray-related clues to complete our fun filled scavenger hunt.

TALKING TRASH

Reduce, Refuse, Reuse, Repurpose, and Recycle! Nature wastes nothing, and neither should we. Virtually everything we use in our everyday lives has a story to tell. Join us to explore the life of the shirt on your back, the shoes on your feet, and the resources needed to make them.

ANIMAL CHATTER

Discover the secrets of animal communication, from Iguana head-bobbing to bird songs. Test your strength and skills against some of the animal kingdom's champions in fun games.

DISCOVERING DINOSAURS

Dinosaurs loom large in a child's imagination, but are they all extinct? Learn more about dinosaurs, fossils, extinction, and their living descendants. Go on a dinosaur hunting safari across our property to search for a T-Rex and more.

COSMIC ADVENTURE (EVENING 6 - 9pm, \$140USD)

Discovering the constellations in the night sky instantly connects us with our ancient history. Our Naturalists will tell you the myths and legends created about them as you explore the galaxy and learn about distant stars.
